SUMMARY

Frontend developer with hands-on experience building responsive web applications in React and Next.js. Skilled in translating UX/UI designs into production-ready code and improving existing codebases.

With a background in preschool education, I bring strong communication skills and collaborate effectively in cross-functional teams.

WORK EXPERIENCE

sep. 2026 - present

Frontend Developer, METS Technology AB

- Independently responsible for designing a new website layout and developing Metstech's Next.js-based website (6–10 dedicated pages) using TypeScript and Tailwind CSS.
- Improving structure, navigation, and readability with a focus on UX, accessibility, and semantic HTML.
- Improved the website's Lighthouse SEO score from 92 to 100 through better structure, semantic HTML, and performance optimizations.

jan. 2026 - june 2026

Internship - Frontend Developer, Nexer AB

- Enhanced an existing Next.js/TypeScript project by improving user flows and interactions, refining the styling with SCSS modules, and ensuring semantic HTML and sufficient color contrast.
- Developed an administrative interface for managing email communications and user permissions in close collaboration with the .NET backend team.
- Built an interface for creating, viewing, and responding to surveys, with seamless backend integration, used by approximately 20 users in a test environment.

sep. 2025 - nov. 2025

Internship - Frontend Developer, Novalo Technologies

- Responsible for UI/UX design in Figma, from wireframing and structuring to visual design, with a focus on usability.
- Developed a responsive website using Next.js, translating design mockups into functional user interfaces.
- Built reusable components to ensure a consistent design and simplify future website development.

jan. 2018 - july 2023

Preschool Teacher, City of Gothenburg, Municipality of Partille & Church of Sweden in Berlin

- Planned and delivered educational activities for groups of approximately 20 children, tailored to individual needs and curriculum objectives.
- Introduced shared procedures for follow-up and reflection, strengthening systematic quality improvement within the team.
- Initiated and implemented digital tools to support language and literacy development at a preschool in Berlin, enhancing children's language skills and conceptual understanding.

EDUCATION

aug. 2024 - apr. 2026

Frontend Developer, Medieinstitutet • Gothenburg

- Frontend development using JavaScript and modern frameworks, with a focus on component-based interfaces.
- HTML and CSS, UX, and accessibility, with a focus on responsive, semantic, and user-friendly web design.
- Working with REST APIs and integrating frontend and backend systems.

aug. 2014 - jan. 2018

Degree of Bachelor of Arts in Pre-School Education, University of Gothenburg

- Studies in Early Childhood Education, focusing on child development, learning, and communication.
- Educational Science Core Studies and Teaching Practice, focusing on leadership, social relationships, and special education.

aug. 2010 - june 2013

Social Science Programme, Specialization in Journalism & Media, Lerums Gymnasium • Lerum

TECHNICAL SKILLS

Languages	**JavaScript • TypeScript • HTML/CSS**
Frameworks	**React • Next.js**
Backend	**Node.js • PostgreSQL(Supabase) • MongoDB**
Styling	**Tailwind CSS • Sass**
Tools	**Git • GitHub • Azure Devops**
Design	**Figma • Illustrator**
